LONGLEAZE PRIMARY SCHOOL

PE and Sport Premium for Longleaze Funding Allocation Plan

2018-2019

PE and sport premium for Longleaze 2018-19 Funding Allocation Plan

At Longleaze, we recognise the importance of the contribution PE and sports has on the health and well-being of all of our pupils. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on concentration, attitude and academic achievement. Our School's PE and sport premium funding enables us to extend our provision. This is achieved through hiring qualified sports coaches to work with teachers, entering additional non-competitive and competitive sports activities and training our staff to deliver in-house quality PE sessions.

What is the PE and sports premium?

Schools receive PE and sport premium funding from the Dfe based on the number of pupils in years 1 to 6. The January census is used to calculate funding. The total fund allocated 2018-2019 to Longleaze Primary School was £18,230 calculated on 223 pupils.

Purpose of the funding

The PE and sport premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of all pupils, to encourage the development of healthy, active lifestyles. For example, to:

- Develop or add to the PE, physical activity and sport activities that school already offers
- Build capacity and capability within school, to ensure that improvements made now will benefit pupils joining the school in future years

Key Achievements to date

- 2017/2018 achieved Silver Sports Mark Award
- 94 % of pupils at ARE and above in PE by July 2018
- **85% of Y6 pupils could swim 25 metres by July 2018**
