

Acorn Class

Term 5

A Place in the Sun!

Welcome back to Term Five! We hope you had a restful Easter break.

Our topic for this term, 'A Place in the Sun', has a geography focus. After learning about the continents and oceans of the world, we will be exploring life in South Africa and comparing it with Royal Wootton Bassett. In Science, we will be growing our knowledge of plants; exploring seeds and bulbs and their lifecycles. For more detail on our learning in these areas please see the knowledge organiser.

To support our learning this term we have our trip to **Longleat Safari Park** on **Wednesday 20th May**. Please ensure that you have paid using Parent Mail.

This term **PE sessions will take place on a Tuesday and a Thursday**; therefore, your child will need to come dressed in their PE kit on these days. PE kit consists of black shorts or black tracksuit trousers with a plain white T-shirt or purple T-shirt.

As discussed at parents evening, the main way you can support your child this term is to continue to read regularly with them and asking questions to encourage them to reflect on the text. There are always examples of questions in the back of your child's reading book. To support with maths, you could practice number bonds to 10 or 20 and addition and subtraction within 50.

As always, if you have any questions, please don't hesitate to contact me at acornclass@longleaze.wilts.sch.uk or leave a message with Mrs Radford in the office and I will get back to you.

Kind regards,

Miss Bayfield
